# Free Coding Trial What To Expect

## Secure Web Portal

Requesting coding and OASIS review services is fast, simple, and secure. Your staff can easily request service, monitor order status, and download completed coding reports directly from your agency's private portal account. All information is protected using the latest data encryption technology.

## Licensed & Certified RNs

Coding and OASIS reviews are performed by licensed and certified professionals. Our reviewers are experienced home health nurses and expert ICD-10 coders (HCS-D) and OASIS specialists (COS-C).

## Easy-to-read Reports

Coding and OASIS results are presented in easy-to-read PDF reports that include:

- ICD-10 diagnosis codes, sequenced and mapped to OASIS M-items
- Specific suggestions for improving accuracy of OASIS answers
- HHRG and case-mix scores
- Reimbursement figures showing the impact of our recommendations

## Fast Turnaround

Getting results back is fast and easy. Coding reports are ready within 1 to 2 business days and can be accessed directly from our secure web portal.

## Higher Reimbursements

Our goal is to improve clinical accuracy of diagnosis codes and OASIS answers. As a result of our coding and OASIS review service, SmartCoder clients average over \$300 in additional Medicare reimbursement per OASIS episode.
